POUCH CONVERSION KIT

Food Applications

- Convert a common piece of Server Products equipment to dispense pouched fudge and caramel

Fast Facts

With all of the environmental, labor-reducing and cost-savings benefits pouches provide, more food manufacturers are replacing traditional #10 topping cans with flexible pouched packaging.

Capitalize on pouch benefits and keep up with industry changes using equipment that's already in your kitchen – the kit works with our FSP Topping Warmer with Pump as well as the FSPW Topping Merchandiser.

The new valve body connects directly to the pouch with a 16 mm center fitment to create a sanitary, air-tight seal.
