

AutoFaucet®

AutoFaucet® sets the standard for reliability and user-friendly performance in automated faucet systems. Equipped with Surround Sensor™ Technology, AutoFaucet® delivers water only when needed, resulting in water savings of up to 70 percent.

- Touch-free activation eliminates cross-contamination to help reduce the spread of germs
- Surround Sensor™ technology creates a 3" omnidirectional sensing zone, guaranteeing activation every time
- AutoFaucet® is low-lead-compliant
- "Dry" cam-gear technology (solenoid valve-free) ensures trouble-free operation to reduce maintenance
- Long battery life—400,000 cycles or 3 years (4 "D" batteries included)
- Also available with optional AC power adapter
- Standard 0.5 gpm aerator helps conserve water and reduce negative impact on the environment

activation every time.

Improve Health & Wellness

Away-from-home washroom patrons prefer touch-free fixtures and are 50% more likely to wash their hands. AutoFaucet® effortlessly provides reliable, touch-free activation every time to encourage, rather than discourage, frequent use and to eliminate this critical touch point of germs in washrooms.

Sustainable Design

AutoFaucet® delivers water only when needed to save up to 70% water savings and earn LEED credits. AutoFaucet® systems' dry cam-gear technology requires less energy to operate, providing exceptional battery life for over 400,000 hand washes (AC power option available).

World-Class Reliability

Patented dry cam-gear technology controls water flow with world-class reliability. The absence of solenoid valves avoids costly repairs and ensures worry-free operation by keeping electronic components separate from water flow.

OPTIONAL THERMOSTATIC MIXING VALVE
Guarantees that water temperature remains in the desired range

Year Warranty
3

Fully Guaranteed
Against Defects in
Parts and Workmanship

All models come supplied with an auto open line purge feature that eliminates stagnant water and bacterial growth.
