

### Convenience Without Sacrificing Food Safety.

Dairy is a top food safety concern. Items like whipped cream and dairy/egg cartons are often not chilled, residing in the food safety danger zone. This is why we developed these new container chillers. Incorporating Coldmaster technology, our new chillers will keep your whipped cream cans and 1 qt cartons chilled for up to 8 hours\*.

#### Whipped Cream Can

Keep whipped cream cans handy and safe. Whether next to your drive through window or beside your waffle station, our whipped cream can chiller will provide you with 8 hours\* of food safe chilling.

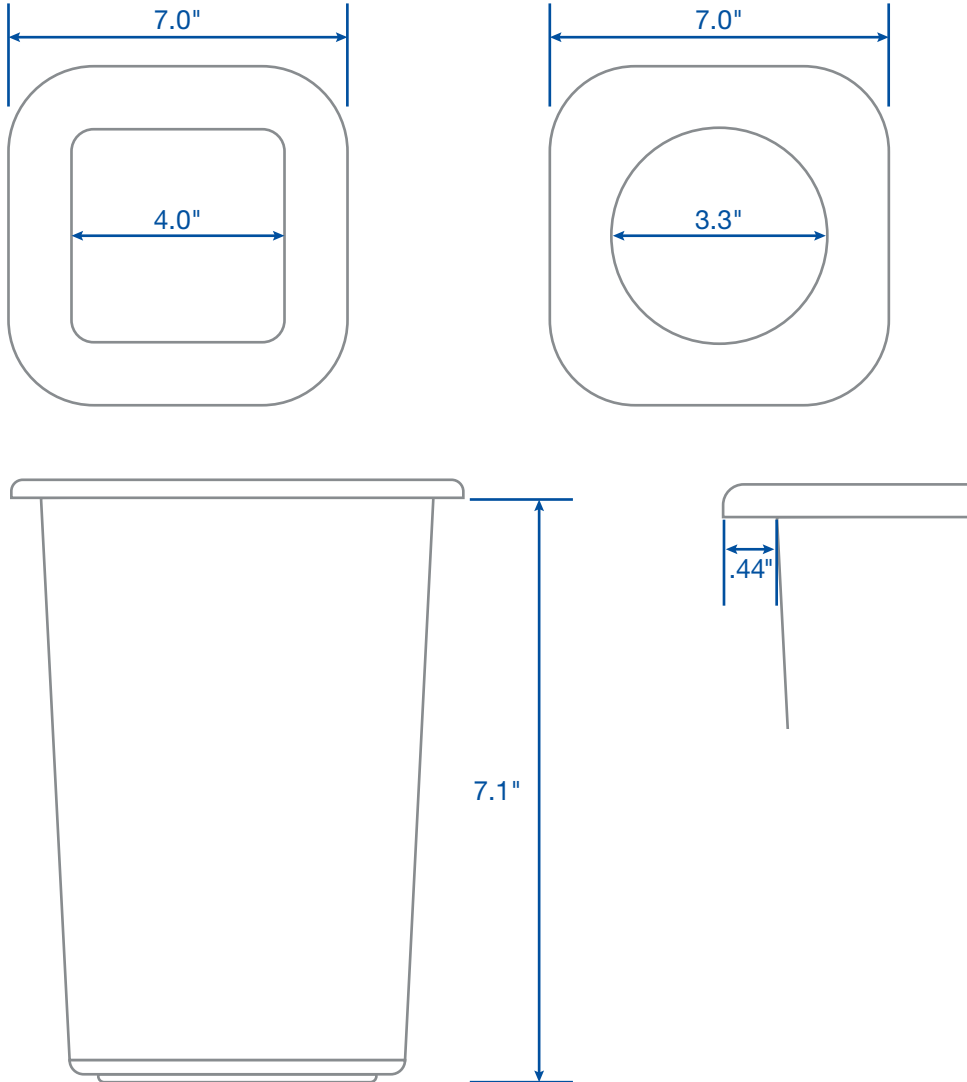

#### 1 Quart Carton

When preparing slower moving egg dishes, employees often overlook basic food safety practices. The 1 qt chiller ensures that your egg whites and other prepared egg products are properly chilled.

# Coldmaster® Whipped Cream & 1 Quart Carton Chillers

## Technical Specifications

White (02)

Black (03)

Prod No	Description	Color	Pack	Cs Wt/Cube
CM1107	1 Quart Carton Chiller	02, 03	1 ea	3.23/0.23
CM1108	Whipped Cream Can Chiller	02, 03	1 ea	3.23/0.23

\*Temperature retention is based on Coldmaster being pre-frozen for a minimum of eight hours, then filled directly with pre-chilled foods. Testing was conducted under ambient room temperatures of 76°F.
