Tomlinson's
Countertop
Humidified
Merchandiser

Tomlinson's new Countertop Humidified Merchandiser keeps foods hot, fresh and delicious—longer! Controlled humidity maintains your warmed foods' shelf life and appeal while the merchandiser's cabinet lighting maximizes foods' attractiveness. Eye-catching graphics are included with each unit to help boost point-of-purchase impulse buys. Each of the four shelves can be set level or angled to showcase pizzas, bagels, wraps, muffins, pastries, sandwiches and more.

PREMIUM HUMIDIF

concessions • c-stores • snack bars • coffee shops

The large LED control panel displays the temperature and humidity, while fingertouch adjustments make it easy to keep foods warm and fresh.

An easy-to-operate drain valve makes it effortless to empty the 3.4 quart (3.2 L) water reservoir for cleaning and refilling.

Feed the Impulse.

Maintaining the fresh-baked appeal of your baked goods has never been easier or looked better! Your customers won't be able to resist a quick and easy meal or snack that's guaranteed to keep them coming back.

Compare and Save!

Get Tomlinson quality and value plus the high-end amenities found on units costing hundreds more. **No one in the industry offers more standard features at this exceptional price.**

HUMIDIFIED MERCHANDISER

• quick serve areas • kiosks • food carts • and more!

The sturdy wire shelving is easily removed for cleaning and can be positioned at an angle or level for displaying a variety of foods.

Counter Tip.

Pair the Humidified Merchandiser with a Tomlinson Fusion pizza oven on your counter and double your offerings. Start a hot food program without breaking the bank on equipment!
