CUSTOMER'S CHOICE FOR A HOT LOCATION
Tested & Certified to Ambient Class of 100°F

3 Year Parts/Labor Warranty Additional 2 Year Compressor Warranty

MARKETMAX SERIES—GLASS DOOR MERCHANDISER

Used for merchandising and storage of product.

CABINET CONSTRUCTION

Choose from black, white, or stainless exterior & white interior

1.5" foamed-in-place CFC and HCFC-free polyurethane insulation enhances the structural strength of the cabinet and helps increase energy efficiency.

Modern, one-piece grille is easily removed for cleaning and servicing.

Double pane, lowE argon filled glass door features inside and outside panes that are tempered for added safety.

Self-closing, hinged glass door features work flow antimicrobial handle which is more aesthetically pleasing. Door provides automatic hold-open feature.

Four white epoxy coated steel shelves are standard.

REFRIGERATION

Whisper-quiet refrigeration system uses R404a refrigerant, which is CFC and HCFC-free for compliance with environmental safety concerns.

The cabinet features optimum refrigeration system to maintain 0°F at 86 °F ambient and -15 °F at 75 °F ambient when tested according to NSF 7 test protocol.

ELECTRICAL

Interior fluorescent lighting enhances product illumination. Optional LED lighting provides hidden light source for increased product visibility. LED bulbs last up to 10 times longer compared to fluorescent bulbs and renders additional energy savings due to reduced wattage load on compressor.

Units wired at factory and ready for connection to a 115/60/1 phase, 15 amp dedicated outlet. 8' long cord and plug set included.

ELECTRICAL CONNECTION

Units pre-wired at factory and include 8' long cord and plug set.
