Model 2512

Model #2510

Attractive Design For Front-of-House Applications

- 25% more weight capacity and 30% more shelf surface than standard duty models
- Large durable shelves each fit two standard bus tubs
- Stain and odor resistant material maintains professional appearance
- Seamless, contour shaped shelves with rounded corners are attractive and easy to clean
- Extruded aluminum legs are sleek and durable
- Dual handles allow pushing or pulling from either end to better navigate congested areas.
- Assembles easily without hardware
- No-Mark® 4" (102) polyurethane wheels are quiet and attractive

Specifications

Unit shall have three each shelves of reinforced polyethylene with a total load capacity of 500 lb. Shelves shall have attractive inverse contour rounded edges with coved interior corners for easy cleaning. Legs shall be of extruded aluminum with brushed finish. Legs shall easily mount to flanges on shelf corners without hardware. Dual handles shall have ergonomic cushioned grips, and shall snap onto top shelf without tools or hardware. Casters shall be all-swivel corner-mount stem type, with with 4" diameter clear non-marking polyurethane wheels. Casters shall snap into shelf bottom receptacle without hardware.
