Holding Cabinet

Models

- 86002 MHC-22, 120 volt holding cabinet
- 86003 MHC-22, 230 volt, CE version holding cabinet

86002

Standard Features

- Conduction heat
- Independent upper and lower heating system
- Cool touch insulation
- Small footprint
- Stainless steel construction
- Digital display for each bin
- 6-hour timer with Audible Alarm
- Programmable menu
- Individual heat zone for each bin
- Removable back for pass-through application
- One year parts and labor warranty

Options & Accessories

- Additional single handle pan
- Double handled pan for pass-thru applications
- Pan inserts
- Under shelf mounting brackets

Specifications

Merco Holding Cabinet keeps food hot, fresh and ready for easy assembly! Allows more flexibility in holding options for greater menu variety - go ahead, prepare and hold food prior to serving. The easy to maintain design and simple operation features reduced employee time spent on cleaning and training; increasing customer satisfaction by providing higher product quality (a great sandwich) in a shorter amount of time (increased speed.)

Conduction Heat: directly transfers heat from both top & bottom with minimal heat loss. Provides consistent quality, improved freshness and extended hold times.

Cool Touch Insulation: keeps exterior surfaces cool while food is held at proper serving temps.

Small Footprint: allows cabinet to fit in small operations.

Stackable: up to two high allows operators to customize and use in larger operations.

Stainless Steel Construction: sturdy, sanitary & reliable.

Pre-Attached Stainless Steel Covers: sealed bins to prevent moisture loss. Removable for cleaning.

Programmable Menu: easy to use symbols on control panel. Digital time, temp and product display for each individual bin with 6-Hour timer and audible alarm.

Each cavity holds two 1/3 size poly-carbonate bins for total of 4 bins and menu options.

Electrical Requirements: Model 86002 is available in 120 Volt; 60 Hz, 1250 Watts at 10.4 Amps. 12' cord and NEMA 5-15P plug included. Model 86003 is available in 230 Volt; 50 Hz, 1250 Watts at 5.5 Amps. 8' cord and CEE 7/7 plug included.
