Main Features

- Parts in contact with food - tube, blade, shaft - can be completely dismantled without tools for easy cleaning.
- Delivered with:
 - flat base motor
 - stainless steel tube
 - space saving storing wall support.
- Anti-splash bell knife design.
- Tube, knife and whisks are dishwasher safe.
- Safety feature requires both hands to start the mixer (no volt release system).
- Light weight, ergonomic grip and adjustable speeds make preparation tasks fast and easy.
- Overheating warning red indicator.
- Bayonet system makes fast and simple to exchange tools.

Construction

- Motor has an air cooling system and is protected against overheating (in case of long intensive work).
- Maximum speed 10000 rpm.
- Power: 750 watts (1 HP).
- Smart speed control to ensure the right power according to the work load.
- Water protected motor unit (controls are IP55, IP34 throughout machine).
