

## CamServers®

5 gal

Serve it hot, serve it safe and serve it full of flavor. When you add heat to brewed coffee, you lose the flavor! Cambro's CamServer holds serving temperatures for hours with no added heat! So you get great tasting coffee with no hassles involved with canned heating fuels or burned out electrical elements. Plus, you eliminate any safety concerns!

The CamServer solves all of your beverage service problems. And, the attractive design makes a great looking piece anywhere. Especially in the front-of-the-house. Available in two convenient sizes, 3 and 5 gallon.
