B) Mega Screens - Aluminum 

The only pizza screens tough enough to exceed the high standards of NSF, Mega screens are the smart choice. Holes and open rims make cleaning a breeze and improve food safety. Available in aluminum or hard coat anodized aluminum, Mega screens can last 5 to 10 times longer than standard pizza screens. Hard coat Mega screens are the most durable, cost-effective screens for conveyor oven use. Holes are 3/32" (0.24 cm) diameter.
