made to serve you better

**High volume dispensing made simple from the "Toughest Bar In Town"!**

Designed for a wide range of high performance dispensing systems, our attractive and functional "BBC Series" Mobile Bars maximize the profitability of any operation by eliminating the need for costly, messy bottle service. Drink dispensing is fast and easy - beverage tanks can be replaced in seconds. The acknowledged favorite of leading Hotels, Restaurants, Clubs and Convention Centers, FWE Pre-Mix / Post-Mix Mobile Bars have a super-sanitary sealed-in cold plate sink, with a big 60 lb. ice capacity. Built tough to stand up under years of continuous use, our top and bottom, precision welded tubular base frames prevent sagging or twisting.

The sleek black top and the choice laminate exterior finishes are standard with optional laminate selections available to meet your special decor. Custom laminates are also available to enhance or match existing colors at most any establishment.

Back up your bar service with a matching back bar and ice cart, which are perfect companions to any FWE mobile bar. For years of reliable, profitable service, ask for FWE "Professional Series" - the "Toughest Bar in Town".

Specify Laminate Exterior at time of order:

- Fusion Maple 7909-60
- Fonthill Pear 10745-60
- New AgeOak 7938-38
- Golden Oak 7888-60
- Wild Cherry 7054-60
- Biltmore Cherry 7924-07
- Versailles Anigre 7923-07
- Black 1595-90

**CONSTRUCTION.** Heliarc welded, single unit construction shall consist of welded stainless steel base frame of heavy gauge 1" square stainless steel tubing with extra 10-gauge stainless steel caster corner plate reinforcements.

**BODY / TOP MATERIALS.** Front and side panels shall be high-pressure, dual-side counter-balanced laminate .75" thick finish. Laminate selections are available. Full length, heavy gauge stainless steel angles reinforce front corners of body on inside, with high impact edging on outside corners. Work surface shall be constructed of 20-gauge stainless steel. Interior of body shall be lined with 24-gauge stainless steel, bonded to cabinet walls and bottom storage area. Seams shall overlap for greater durability and moisture resistance. Work and splash areas shall be polished stainless steel with easy-to-clean covered corners. Front edge shall have raised marine nosing to retard spills.

**CASTERS.** Maintenance free polyurethane tire casters in a configuration of two (2) rigid and two (2) swivel with brake. Eight (8) foot models are equipped with six (6) casters: four (4) rigid casters

and two (2) swivel with brake. Casters shall have a reinforced yoke mounted to 10-gauge caster plate. The caster mounting plate shall be secured to a 10-gauge stainless steel reinforcing stress plate via welded in place stainless steel studs. The reinforcing stress plates shall be welded to the heavy gauge tubular frame of the unit.

**BUMPER MODELS.** Full bumper models shall have solid 1.5" wide continuous wraparound aluminum channel, bolted to frame, with snap-in, non-marking replaceable vinyl cushion. Full perimeter bumper shall be continuous, for added protection, with corner cut-outs to facilitate cleaning.

**STORAGE AREA.** On six (6) foot models, the glass storage area shall include removable and adjustable stainless steel shelf. On all models, the bottom storage area shall be stainless steel lined. Tank storage area shall accommodate a minimum of four (4) 5-gallon premix tanks, and CO<sub>2</sub> tank, and a tank retainer strap shall be provided.

**ICE SINK WITH SEALED IN COLD PLATE.**

Sink shall be one-piece stainless steel with covered corners: 19.75" x 12.75" x 10.5" deep. Sink shall have enclosed foam insulation with drain and line fittings. 6 circuit sealed-in cold plate shall be compatible for use with Pre-Mix, Post-Mix, and Bag-in-Box systems. Sink shall have a capacity of 60 lbs. of ice, and be provided with a stainless steel sliding cover. Specify system to be used: Pre-Mix, Post-Mix or Bag-in-Box.

**BAR ACCESSORIES.** Standard equipment shall include 5" deep, heavy gauge stainless steel bottle speed rack extending 3.5" beyond depth dimension of 31.5"; removable without tools.

**Optional Accessories:**

- Locking bottle speed rack
- Extra stainless steel shelves
- Locking doors for storage areas
- Stainless steel bar gutters
- Pre-Mix dispensing equipment
- Post-Mix dispensing equipment
- Bag-in-Box dispensing equipment
- Protective storage cover
- All swivel or larger casters
- All swivel with brake casters
- Built-in electric hand sink
- Towel ring
