Foreign Material Contamination:

The manufacturing of this product is routinely monitored for foreign material contamination.

GMO Statement:

GMO or potentially GMO

This term shall be used to describe products that contain ingredients, additives, or processing aides derived from commodities that have commercially grown GMO varieties in the supply chain, **AND** residual DNA/protein is likely detectable in the final product due to the removal process of all extraneous material that might harbor genetically modified organisms (GMO's), or substances (protein, DNA) derived thereof may not be effective or warranted.

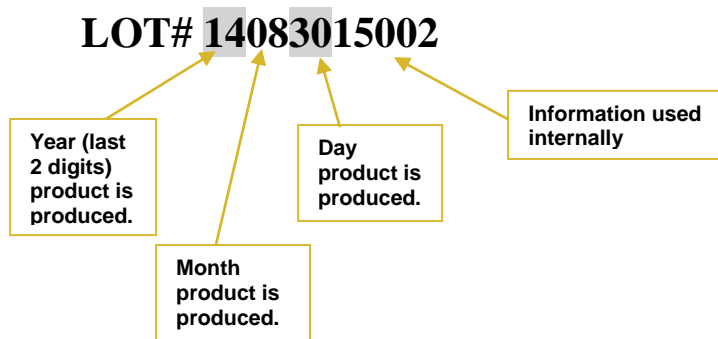

Non-GMO

This term shall be used to describe products that contain ingredients, additives, or processing aides derived from commodities that have commercially grown GMO varieties in the supply chain, **BUT** residual DNA/protein is likely NOT detectable in the final product, either by effectively removing all extraneous material that might harbor genetically modified organisms (GMO's) or substances (protein, DNA) derived thereof or being a naturally non-GMO product.

Microbiological Statement:

This product, produced for/by Gold Medal Products Co., has a low moisture content and lacks nutrients essential to support growth of most microorganisms. Organisms considered food-borne pathogens or of concern from a quality standpoint are not able to proliferate in this product; the processing and packaging is completed in a closed and sealed system offering little opportunity for contamination from extraneous materials that might harbor pathogens, viral particles, etc.
