L X-15A Stainless Steel Whirlwind®

#3015A

It's a true original and still setting industry standards even 50 years later. Delivering high output without high cost, the Whirlwind® features a 5" head and the most dependable temperatures from its solid-state heat control and 1/3 hp sealed ball-bearing motor. Includes stainless cabinet, floss pan and Whirlgrip Stabilizer. Also available, **#3015AX** Export Model (230-V, 50 Hz).

M Tornado® 200

#3005EMS

For this Tornado®, the powerful EMS ensures superior control when it comes to variable temperatures and locations. A lightweight, easy-to-use model, this machine features a stainless cabinet, aluminum floss pan and Whirlgrip Stabilizer. Also available, **#3005XEM** Export Model.

N Digital Deluxe Whirlwind® with EMS and Voltage Booster System

#3008ED

It's a triple play for this industry leader – the favorite of pros who like to create three-color floss. This Whirlwind® has an easy-to-read digital control for setting – and maintaining – ideal heat and voltage, ensuring optimal output from its fixed transformer and 1/3 hp sealed ball-bearing motor. Includes a stainless cabinet, aluminum floss pan and Whirlgrip Stabilizer.

O Digital Super Breeze® with EMS

#3033ED

The ultimate choice for making two or three colors of cotton candy, this machine is a superpower with its triple-wrapped tubular heating element, stainless steel band and permanent floss head. With digital controls that are simple to set and see, the Super Breeze® ensures that your heat remains constant once it's set. Equipped with a heavy-duty stainless Whirlwind® cabinet, aluminum floss pan and Whirlgrip Stabilizer.

P Stainless Steel Deluxe Whirlwind® with Lotta Volts System

#3008SS

When it comes to cotton candy perfection, go deluxe! While it's ideal for making two or three cotton candy colors, this model's selling point is its high-precision heat control from two large transformers – one fixed and one variable. Other features include four brushes for longer brass life, aluminum floss pan and Whirlgrip Stabilizer.

Q Super High-Output Deluxe Whirlwind®

#3009

Looking for more volume? This is where you find it. Leveraging .75" of extra space between the upper and lower floss band and ribbon assembly, this model is fully equipped with aluminum floss pan and Whirlgrip Stabilizer.
