| Model: GDM-06-34-HC~TSL01 Glass Door Merchandiser: Swing Door Counter-Top Refrigerator with | Hydrocarbon Refrigerant~True Standard Look Version 0 |
| | GDM-06-34-HC~TSLO The world's #1 manufacturer of glass do merchandisers. True's commitment to using the highest quality materials and oversized refrigeration systems provides the user with colder product temperatures, and lower utility costs in an attractive merchandiser that brilliantly displays packaged food and beverages. Designed for convenient access, fast service, and attractive display. Factory engineered, self-contained, capillary tube system using environmentally friendly R290 hydro carbon refrigerant that has zero (0) ozor depletion potential (ODP), & three (3) global warming potential (GWP). High capacity, factory balanced refrigeration system that maintains cabit temperatures of 33°F to 38°F (5°C to 3.3 for the best in food preservation. Exterior - non-peel or chip black powde coated cold rolled steel; durable and permanent. Interior - attractive, NSF approved, whith aluminum liner with aluminum floor. Self closing door. Positive seal, torsion ty closure system. "Low-E", double pane thermal insulated glass door assembly with mitered plasti channel frame. The latest in energy efficiency. LED interior lighting provides more even lighting throughout the cabinet. Safety shielded. Entire cabinet structure is foamed-inplace using a high density, polyurethan insulation that has zero ozone depletion potential (GDP) and zero global warmin potential (GDP). |

Model:

Glass Door Merchandiser: GDM-06-34-HC~TSL01

Swing Door Counter-Top Refrigerator with Hydrocarbon Refrigerant~True Standard Look Version 01

STANDARD FEATURES

DESIGN

• True's commitment to using the highest quality materials and oversized refrigeration systems provides the user with colder product temperatures, and lower utility costs in an attractive merchandiser that brilliantly displays packaged food and beverages.

REFRIGERATION SYSTEM

- Factory engineered, self-contained, capillary tube system using environmentally friendly R290 hydrocarbon refrigerant that has zero (0) ozone depletion potential (ODP), & three (3) global warming potential (GWP).
- High capacity, factory balanced refrigeration system that maintains cabinet temperatures of 33°F to 38°F (.5°C to 3.3°C) for the best in food preservation.
- State of the art, electronically commutated evaporator and condenser fan motors. ECM motors operate at higher peak efficiencies and move a more consistent volume of air which produces less heat, reduces energy consumption and provides greater motor reliability.

CABINET CONSTRUCTION

• Exterior - non-peel or chip black powder coated cold rolled steel; durable and permanent.

- Interior attractive, NSF approved, white aluminum liner with stainless steel floor.
- Insulation entire cabinet structure is foamed-in-place using a high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).
- Door sign decal. Variety of decal options available.

DOOR

- "Low-E", double pane thermal insulated glass door assembly with mitered plastic channel frame. The latest in energy efficient technology.
- Door fitted with 7" (178 mm) long extruded handle.
- Self closing door. Positive seal, torsion type closure system.
- Magnetic door gasket of one piece construction, removable without tools for ease of cleaning.

SHELVING

- Three (3) adjustable, heavy duty PVC coated wire shelves 17 1/2 "L x 17 1/2 "D (435 mm x 445 mm). Four (4) chrome plated shelf clips included per shelf.
- Shelf support pilasters made of same material as cabinet interior; shelves are adjustable on $\frac{1}{2}$ " (13 mm) increments.

LIGHTING

• LED interior lighting provides more even lighting throughout the cabinet. Safety shielded.

MODEL FEATURES

- Evaporator is epoxy coated to eliminate the potential of corrosion.
- See our website www.truemfg.com for latest color and decal offerings.
- Listed under NSF/ANSI Standard 7 for the storage and/or display of packaged or bottled product.

ELECTRICAL

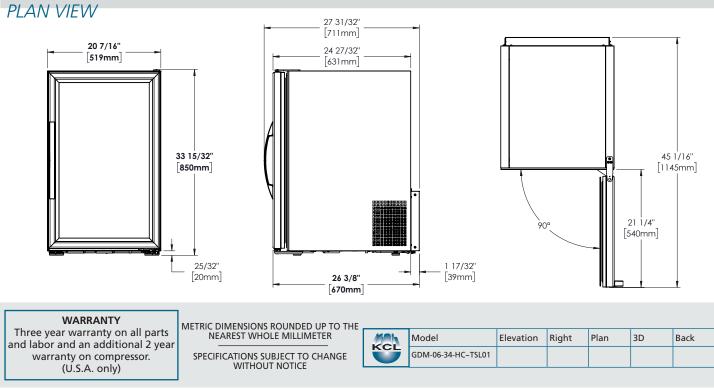

• Unit completely pre-wired at factory and ready for final connection to a 115/60/1 phase, 15 amp dedicated outlet. Cord and plug set included.

OPTIONAL FEATURES/ACCESSORIES

Upcharge and lead times may apply.

- Left hinge version
- U White exterior
- □ Stainless steel exterior
- Stainless steel interior
- □ Additional shelving
- □ 2 ½" legs
- Stainless top
