## CORD SETS

### Cord, Plug & Receptacle

SaniServ is pleased to announce the availability of the cord, plug and receptacle option for all **230 volt machines**. The cord and plug will be assembled but not attached to the machine and shipped with receptacle.

Many customers don't realize that the machine will not have a cord and plug. Customers then have to pay an electrician to source a cord and plug. This is an extra expense for them. By the same token, if we ship just the cord and plug, it is unlikely that the customer has the proper receptacle.

Increase your customer's satisfaction, simplify the "plug and play" installation process by specifying and adding the cord, plug and receptacle option.

Models 407 & 707, 230 volt, 1 Phase come with attached 6 foot cords. A locking plug is available for these machines. Item number 61552, list price \$62.50

Machine Model	Cord Set	
401, 601, 709 1 Phase	13481	
404, 414, 501, 527, 614, 704, 714, 714SAS-L, 914 1 Phase	13486	
424, 522, 624, 724, 824 1 Phase	188648	
408 1 Phase *(30 Amps)	13487	
521 1 Phase	188644	
424, 521, 522, 624, 724, 824 3 Phase	188649	
401, 404, 414, 501, 527, 601, 614, 704, 709, 714, 714SAS-L, 914 3 Phase	13488
