

MOUNTED PATIO HEATERS

CV-EH-1500-S

Project: _____

Item #: _____

Quantity: _____

Our electric mounted heater offers a compact solution for all your outdoor heating needs. The Insta-Heat provides a very comfortable heat that will warm your patio area year-round. Enjoy entertaining on cool nights under the stars! The infrared lamp only heats people and objects and does not waste energy heating the air. The Insta-Heat uses a standard household electrical outlet making it portable and convenient.
