

**This solid-door reach-in freezer is constructed of heavy-duty stainless steel both inside and out, making it strong and durable enough to survive any kitchen environment. The cooling units are bottom-mounted and slide out for easy maintenance and cleaning. All models come with 6" casters and plastic-coated wire shelving that is easily removable to adjust the shelf height. The front digital controllers and LED readout make it easy to adjust the interior temperature. This model is ETL and ETL Sanitation listed. It is backed with a 1-year warranty on parts and labor and a 5-year warranty on the compressor.**

## Solid Door Freezers

- 430 series stainless steel exterior
- 304 series stainless steel interior
- Self-closing doors
- Specially designed sliding shelf racking system
- Precise digital temperature controller with LED display
- Foamed-in-place polyurethane high-density cell insulation throughout the entire cabinet
- Bottom-mounted cooling unit that slides out
- Automatic defrosting
- Removable door gasket
- Recessed door handle
- (4) 6" casters (2 locking and 2 non-locking)
- 1-year warranty on parts and labor
- 5-year warranty on the compressor

### Features

#### Cooling System

- Freezer units use environmentally friendly R404A refrigerant
- Maintain a temperature range of -7°F - 0°F
- Bottom mounted cooling unit slides out for easy cleaning and maintenance, and allows for storage on top of the unit
- Rugged-built axial evaporator fans run efficiently with low-velocity and high-volume air flow

#### Cabinet Construction

- Exterior is constructed of 430 stainless steel including the doors
- Interior is constructed of 304 stainless steel
- The cabinet is insulated throughout with a foamed-in-place high density cell polyurethane insulation

#### Shelving

- Adjustable, plastic-coated steel shelves that have a load capacity of 110 lbs per shelf each
- Specially designed stainless steel racking system allows for easy shelf height adjustment and gives the user the ability to slide out the shelf to better reach the food inside

#### Electrical Control

- Electronic, LED temperature controller provides a digital display of cabinet temperatures and allows for easy temperature adjustments when necessary
- Temperature controller initiates automatic defrost schedule for worry free use
- 7-foot power cord with NEMA 5-15 plug

#### Door(s)

- Stainless steel exterior with matching aluminum liner on the inside
- Positive self-closing doors with microswitch that shuts the evaporator fans off when the door is open
- A recessed handle is built into the door for easy opening and closing
- Locking door to keep items inside secure after hours
- Stainless steel doors are field reversible

#### Model Features

- Incandescent interior lighting activated by door switch
- 6" casters come standard on all models. 2 locking wheels and 2 non-locking wheels.
