

These pizza prep tables are constructed of heavy-duty stainless steel both inside and out, making them strong and durable enough to survive in any kitchen environment. Store all of your toppings in the refrigerated pan rail that can hold a variety of different-sized food pans up to 6" deep. The hinged, insulated cover keeps the toppings cold when not in use. Store additional items below in the cabinet for quick access when needed. All pizza prep tables come with 6" casters, plastic-coated wire shelving, and a 19" extra-deep, 3/4"-thick polyethylene cutting board. The front digital controllers and LED display make it easy to adjust the interior temperature. These models are ETL and ETL Sanitation listed. They are backed with a 1-year warranty on parts and labor, and a 5-year warranty on the compressor.

Pizza Prep Tables

- 430 series stainless steel exterior
- 304 series stainless steel interior
- Precise digital temperature controller with LED display
- 19" extra-deep, 3/4"-thick polyethylene cutting board
- Foamed-in-place polyurethane high-density cell insulation throughout the entire cabinet
- Hinged insulated lid
- Automatic defrosting
- Removable door gasket
- Recessed door handles
- Clear plastic food pans included
- (4) 6" casters (2 locking and 2 non-locking)
- 1-year warranty on parts and labor
- 5-year warranty on the compressor

Features

Refrigeration System

- Refrigeration units use environmentally friendly R134A refrigerant
- Maintains a temperature range of 32°-41°F
- Rugged-built axial evaporator fans run efficiently with low-velocity and high-volume air flow

Cabinet Construction

- Exterior is constructed of 430 stainless steel including the doors
- Interior is constructed of 304 stainless steel
- The cabinet is insulated throughout with a foamed-in-place, high-density cell polyurethane insulation

Shelving

- Adjustable, plastic-coated steel shelves that have a load capacity of 90 lbs each
- Specially designed stainless steel racking system allows for easy shelf height adjustment and gives the user the ability to slide out the shelf to better reach the food inside

Electrical Control

- Electric LED temperature controller provides a digital display of cabinet temperatures and allows for easy temperature adjustments when necessary
- Temperature controller initiates automatic defrost schedule for worry free use
- 7-foot power cord with NEMA 5-15 plug

Door(s)

- Stainless steel exterior with aluminum liner on the inside
- Positive-seal, self-closing doors with microswitch that shuts the evaporator fan off when the door is open
- Recessed handles are built into the door for easy opening and closing
- Removable door gasket for easy cleaning

Model Features

- 19" extra deep, 3/4" thick polyethylene cutting board that runs the full length of the unit
- Insulated hinged lid to keep food cold while not in use
- 6" casters come standard on all stainless steel models, 2 locking and 2 non-locking.
- 3/4"-thick poly cutting board
- Clear plastic food pans included
